She spoke with Finance yesterday and there are a couple of augments that have still not been entered and are not reflected in the report. Those include the \$12,000 for the investigation and the transfer to clean up some purchase orders. By the end of the week those augments will be posted and reflected in the budget. She noted that the purchase orders will be closed on or before June 30<sup>th</sup> and those encumbrances will be released and put back into the fund.

Chairperson Rogers no ed that Trustee Kate Garrahan stated to her that she would be fine hiring Dr. Steinmann. Director Dodson stated that she reached out to County Manager Patrick Cates and his assistant to give her a range of dates for a tour but has not heard back. She suggested the board discuss a time when the tour should take place and Trustee Tattersall recommended the fall which would give the board adequate time for planning. October at the latest. Trustees Harper and Heather Martin Maier agreed. Trustee Harper commented that it's important that the bookmobile be present for the tour and it would also be good for the commissioners to see the bookmobile in action out in the field. Director Dodson can schedule that as a separate event as soon as she hears back from Patrick.

Luise Davis

July 19, 2021

To the Douglas County Library Board of Trustees:

I am asking to be considered for the position of Interim Director of Douglas County Public Library.

I have been employed at DCPL since November 1998. During my entire tenure, i have managed the library's volunteer program including handling the required paperwork, proper record keeping, assigning, scheduling, training and supervising the volunteers as appropriate. The library had around thirty or so volunteers when i started; it has grown to over one hundred volunteers who come from a wide variety of backgrounds and skills. For the past several years I have planned the volunteer reception including creating and sending invitations; planned, purchased, and set up refreshments, all within the allotted budget and time frame.

Previously i was the supervisor for the Library Pages. My responsibilities included assisting with recruitment and selection of staff, training, conducting performance evaluations, coaching, and addressing disciplinary issues if needed.

i have had the privilege of attending some major leadership conferences including Mountain Plains Library Association Leadership institute, the Public Library Association Boot Camp, and the Nevada Library Leadership institute that allowed me the opportunity to take the Gallup Strength Finder assessment. I am currently serving as the Nevada Library Association Delegate to the Mountain Plains Library Association where I serve on the Executive Board.

As a member of the Nevada Library Association, i have been this library's representative on Library Legislative Day to our local state representatives for the past three sessions.

Other areas where i have gained leadership experience include serving as the President of the Douglas County Employees' Association, being a delegate for the County Benefits committee, and working as the stage manager for over twenty successful live theater productions.

During my time here I have worked in collection development including maintaining the assigned budget, programming, circulation services, reference services, proctoring services, interlibrary loan, and outreach to the community. I value what this library has to offer this community and expect it to offer more in the future.

As a long-term employee with Douglas County i have seen a lot of change. I appreciate working for an employer that values integrity, accountability, customer service, leadership, communication, and teamwork. All of these values apply to library service, particularly the position of interim Director, one that sets an example for other staff.

Thank you for your consideration,

Luise Davis, MLS

The LSTA Plan for Nevada has been approved by the U.S. Institute of Museum and Library Services and directly relates to the federal LSTA purposes and priorities of the Library Services and Technology Act (LSTA) (20 U.S.C. § 9121). It is the basis for funding all projects. Nevada's LSTA 5 year plan, 2018-2022 is available here: https://nsla.nv.gov/ld.php?content\_id=50682804

There are no favored categories of grant or applicant.

# Match

A financial cash or in-kind match of 10% of awarded LSTA funds is required. Matching funds may come from the library's operating budget, Friends, gift funds, or project partners. Other federal funds may not be used towards match. In Section 10, Project Budget, list your 10% match in the "Local Cash/In-Kind" column and describe whether the match is either local cash or in-kind.

When/where is the application due? Submit a signed & complete electronic copy of the application via email to nslaprista@admin.nv.gov. NSLAPR no longer requires hard copies with original signatures, but you must retain the original document with your grant records, following LSTA retention schedules (FFY 21 grants: retain until Dec. 31, 2026).

#### Deadlines are as follows:

- Cycle 1: May 17, 2021 for a July 1, 2021 project start date
- Cycle 2: August 16, 2021 for an October 1, 2021 project start date (funds permitting)
- Cycle 3: November 15, 2021 for a January 1, 2022 project start date (funds permitting)
- Cycle 4: February 1S, 2022 for an April 1, 2022 project start date (funds permitting)

Submission of an application is not binding upon the applicant nor upon the Nevada State Library, Archives and Public Records (NSLAPR). Submitted applications become public information.

# Appeals Process

Applicant Libraries whose LSTA grant applications are denied funding may appeal for reconsideration. The applicant library should submit a letter of appeal in writing, including detailed reasons, facts, and the remedy sought, within 30 days from the date that the applicant was notified that their grant was denied funding. The LSTA Coordinator will review the appeal and provide recommendations to the Nevada State Library, Archives and Public Records Division Administrator, who will respond as appropriate to the situation.

#### Send written appeals to:

Nevada State Library, Archives and Public Records LSTA Program 100 N. Stewart Street Carson City, NV 89701

# Application Evaluation

Mini Grants are evaluated and ranked internally by NSLAPR staff to ensure that budget expenses are allowable and that outcomes align with LSTA federal and state priorities. Strong applications will be clear in intent; have a Statement of Need supported by evidence (data); describe attainable Outcomes that result in a change in knowledge, skills, attitudes, enjoyment, or behavior for the target audience; show evidence of planning; have realistic budgets and timelines; and have well defined inputs, activities, outputs. They will also be evaluated for viability, sustainability and community impact. You may receive detailed project recommendations in the areas outlined above. Project funding recommendations are submitted to the NSLAPR Administrator for final approval.

# Budget Guidelines

Reimbursement Only: NSLAPR will reimburse grant recipients for project expenditures. Grant recipients are responsible for the timely payment of their vendors' invoices. Budget items must be allowable under federal and state law and federal OMB regulations. See Allowable Costs Tips on the Nevada 2021 LSTA Libguide, under IMLS Guidance. Allowable costs include:

Reimbursement Documentation: Submit Reimbursement Requests with appropriate documentation of expenditures. Acceptable source documentation includes:

# LIBRARY SERVICES AND TECHNOLOGY ACT

- legible copies of receipts
- legible copies of invoices
- detailed printouts from the grantee's fiscal software showing payment

The receipts/invoices/printouts must include the vendor name, date, quantity, unit cost, and an accurate description of the goods or services provided. The receipts/invoices/ printouts items must be clearly mapped to the Reimbursement Request form.

NOTE: NSLAPR funds this program through the Library Services and Technology Act (LSTA) as administered by the Institute for Museum and Library Services (IMLS). IMLS does not allow use of LSTA funds in support of library management activities involving fundraising, advocacy, general marketing, or library design and construction.

2.3 Project Budget Summary: Transfer final figures for LSTA, Local Cash/In-Kind, and Project Total from Section 5.

# LIBRARY SERVICES AND TECHNOLOGY ACT

- 2.4 Project Summary: Briefly and clearly summarize what you want to do and why. How will it help your primary audience, what are the benefits, why are you the best organization to do this project? This section will be short and concise. Consider it your 30 second elevator speech. Details will come in Section 3.
- 2.5 Partners: Indicate whether you have project partners. If yes, list them and whether they are formal (you have written agreements on project deliverables) or informal and describe their project contributions. Attach any formal agreements.
- 2.6 Project Intent: These are IMLS subject categories. Select the one that best represents your project.
- 2.7 Nevada LSTA S Year Plan Goals: Seiect ONE Nevada LSTA Goal that your project addresses.
- 2.8 Target Audience: Identify the audience(s) for this project. All of your activities and outcomes will be aimed at meeting this group's needs. Seiect either Library Workforce, General Population, or Targeted Group. If you select Targeted Group, also select the subgroups that apply.

# Section 3, Project Details

- 3.1 Statement of Need: What is the Need, the challenges or the gaps in service that are facing your project's primary audience? What are the symptoms and causes? The Statement of Need will present facts and evidence, so explain how you know the need is actually a problem and not a perception. Use qualitative or quantitative comparative data to illustrate your point. Please don't confuse your organization's needs with those of your project's primary audience. Cite your sources, whether Census data, circulation data, or even phone book data (showing a scarcity of arts and cultural venues, for instance). See <a href="https://nsla.libguides.com/2019LSTA/GrantWritingResources">https://nsla.libguides.com/2019LSTA/GrantWritingResources</a> for links to some well-known data sets. Unsupported assumptions will not be considered.
- 3.2 Proposed Solution to Need: What will you do to address the need as stated in 3.1? Why is this solution the best solution and why is your library the best organization to make it happen? This is an overview, the 30,000 foot version of your solution. Details, the actual implementation activities, will come in section 3.4.
- 3.3 Benefits/Outcomes: What do you wish for your project to accomplish? How will it impact/affect primary audience and what changes in behavior, attitude, skill, or understanding would you like for them to experience as a result of participating in the project's activities? Explain how this outcome was selected and how you determined that your approach will provide the best solution. Describe what success looks like.
- 3.4 Implementation Activities: In this section, describe all of the activities that are part of your Solution to the Need. Describe what you'll do and the tangible things you'll acquire or create for your primary audience. For each Activity, explain the activity's purpose and target beneficiaries, plus any high-level results that you anticipate. Attach additional sheets if needed.

Note: Your project activities will all fit into one of the four standardized LSTA Activity categories as identified by IMLS: Instruction, Content, Planning/Evaluation, and Procurement. To be considered an Activity, the action must account for at least 10% of the total amount of resources (the budget, both LSTA and Local Cash/In-Kind) committed to your project. You can list up to 10 different activities, but group like items together. Activities are also associated with Modes and Formats that relate to how an Activity is implemented. See Figure 1 below. Example: If your budget has a line item for the purchase of printed books & ebooks, one of the project Activities will be Content-Acquisition, Physical & Digital. List this, then describe what you'll buy, why you decided on these items, how the end user will get access, and why it matters to them. A related activity will be Content-Lending, where you'll describe how you'll track usage of these newly acquired items and how this tracking will help determine outcomes. Please contact the LSTA Coordinator with questions!

What are your measurement indicators (such as circulation, program participation, or staff hours saved if you are procuring technology)? Include any pre- and post-assessments, surveys, benchmarks, and observations. Also describe how you'll use the required LSTA surveys in your evaluation process (see: https://nsla.nv.gov/2021LSTA/Surveys). Public libraries: consider using Project Outcome's free survey tools as well: <a href="https://www.projectoutcome.org/surveys-">https://www.projectoutcome.org/surveys-</a> resources. Evaluation example for a family reading program:
  - Intended Outcomes: Adults will read to children more often.
  - Indicators: Number and percent of parents or other caretakers who read to children 5 times/week or more.
  - Data Source(s): Participant interviews.
  - Target for Change: At the end of year one, 75% of participating parents and other caretakers will read to children in their care 5 times per week or more.

# LIBRARY SERVICES AND TECHNOLOGY ACT

3.7 Promotional Activities: How will you promote and share this project? How will you make sure your primary audience is aware of opportunities? How will you make sure your partners, elected officials, and community leaders are aware of your project? Include plans for crediting IMLS on promotional items and tagging IMLS and the Nevada State Library on social media using the following hashtags: #IMLSgrant (across social media platforms) and Facebook: @Institute of Museum and Library Services, @NevadaStateLibrary

3.8 Supporting Materials In this section, list any supporting materials you are attaching (letters of support, partner agreements, equipment specs, etc.)

# Section 4, Project Budget

4.1 Project Budget - The "inputs" that make your project come alive. Provide a description of expenditures for each budget category. Requests must be for reasonable, necessary, and allowable expenditures that are necessary to achieve the project's goal. Attach additional pages if necessary. Lobbying, fundraising, classroom booksets or textbooks, food and refreshments, prizes, and items not directly related to the project activities and timeline are not allowable expenses. See Tip Sheet for more details on what may be purchased with LSTA funds. Plan carefully: once budgets are approved and projects funded, reallocations between budget categories that are more than 10 % of that category are considered contract changes and must be approved by NSLAPR's Deputy Attorney General. Fields do not auto-calculate - piease enter TOTAL amounts and double check math.

Budget items, both LSTA and Match, should tie directly to Activities in section 3.4. If you're asking for salaries, there needs to be an Activity, such as an Instructional Program, for which these salaries are used. If you're asking for "things" like books and/or technology, these need to be for an Activity that will support outcomes (in other words, you cannot get a grant to buy stuff, but you can buy stuff if it directly supports your project).

NOTE: in the Description section of each budget category, designate whether the item is to be funded with LSTA, Local Cash, or In-Kind.

- > Cash: all other financial support contributed to the project, including state or local grants or allocations, private grant funds, Friends or philanthropic support, or other funds. Include new library funds if they will be budgeted specifically for this project.
- > In-kind: contributions from the library's current budget may be used to the extent that they are devoted exclusively to this project and may include staff time, library materials, equipment, building space, utilities, and other operating costs.
- Salaries/Wages/Benefits: For staff contributing directly to the project. Include position titles, job duties, hourly rate, and number of FTEs. Note: LSTA funds should not be used to fund existing employee salaries.
- Consultant Fees: This category includes all expenses related to acquiring the services of a consultant for a specific activity within the project. A consultant may be an author, poet, educator, trainer, or presenter. Costs may include fees, travel, accommodation, and any support services obtained by the consultant. Include the consultant's area of expertise and actions/contributions to the project and demonstrate that the consultant is qualified to perform the intended work or service. Attach relevant RFPs, the Scope of Work, or consultant bids.
- Travel: Includes transportation, accommodation, meals, etc. Must be incurred by staff working on project.
- Supplies/Materials: Program supplies and library materials purchased specifically for project activities. Include technology hardware/software and furnishings in this category if the per unit cost is less than \$5,000. Note: Acquisition of any of these items should not be the primary purpose of the project.
- Equipment over \$5,000: Tangible property having a useful life of more than one year and a per unit cost of \$5,000 or more. Requests for equipment or other assets must be connected to a significant and/or specific program component in the application and must be preapproved by Nevada's IMLS federal program manager. Provide specifications for these items and explain how they will meet your project's LSTA goal (Section 5).

# LIBRARY SERVICES AND TECHNOLOGY ACT

- Services: The cost of services provided by a vendor. Include a description of the services and name of vendor. Review IMLS Guidance on Advertising and PR to ensure promotional services are allowable.
- Indirect Costs: Includes allowable indirect costs. An indirect cost is an organization's incurred cost that cannot be readily isolated or identified with just one project or activity. These types of costs are often referred to as "overhead costs." Typical examples of indirect costs are general telephone service, postage, office supplies, office space expenses, and administrative or financial operations for an entire organization. NOTE: NSLAPR has placed a 10% cap on indirect cost rates.

# Section 5, Timeline

- 5.1 Timeline: List all project implementation & promotional activities and indicate (with an X) when they'll occur. Include activities to be used towards match!
- 5.2 Staff Responsibilities: Describe the qualifications of key project staff listed in the timeline (track record, training, expertise, etc.)

# Section 6, Certifications

- 6.1 Agreements: Checking each box indicates the applicant library understands and agrees to perform each of the required tasks. The tasks are mandatory, libraries awarded LSTA funds may not opt out.
- 6.2 Application Certification: Enter the official title of your project, the name of the person completing the application and the full legal name of the applicant library, system, school district, or other agency. The persons authorized to apply for federal funds on behalf of the applicant jurisdiction should sign and date the certification.
- 6.3 Eligibility Certification: To be eligible to apply for LSTA funds, each applicant library and participant library must certify to NSLAPR that it meets all of the eligibility criteria in this section. The person authorized to apply for federal funds on behalf of the applicant jurisdiction should sign and date the certification.

# About LSTA ARP Subgrants

# 2021 LSTA ARP Subgrants

Nevada State Library and Archives will use funds under the American Rescue Plan Act to help communities respond directly and immediately to the pandemic, as well as to related economic and community needs through equitable approaches to digital inclusion and library services.

# LSTA ARP Goals

All subgrant projects must align with LSTA ARP Goals:

- 1. Strengthen Nevada libraries' ability to effectively respond to community needs through training, planning, and assessment,
- 2. Encourage Nevada libraries to develop and use partnerships and collaboration to maximize user resources and services throughout the state;
- 3. Nevada libraries will provide responsive and accessible learning environments that meet the needs of all Nevada residents;
- 4. Build capacity of libraries to meet evolving information access needs.

# **LSTA ARP Priorities**

All subgrant projects must also align with LSTA ARP Priorities:

- a. First, to support digital inclusion efforts to enable libraries to reach residents such as through internet hotspots, accessible Wi-Fi, and digital content and related resources, particularly in support of education, health, and workforce development needs.
- b. Second, to provide rapid emergency relief to libraries across the country, allowing them to safely respond to the pandemic and implement public health protocols;
- c. Third, to support library services that meet the needs of communities throughout the U.S., including costs such as personnel, technology, training, materials, supplies, equipment, and associated indirect costs; and
- d. With respect to (a), (b), or (c), reach tribal and museum partners best positioned to assist with pandemic response efforts, in addition to traditionally eligible library entities, where appropriate.

# Project period

July 1, 2021 – August 31, 2022

# **Project Amount**

- · Approximately \$1.8 million in LSTA ARP will be available for subgrants

Funds are awarded per formula, the formula is based on:

- . the number of unique outlets your library has (separate & staffed physical locations)
- · the number of libraries that opt-in

K12 libraries; you will be asked to provide additional documentation/certifications with your LSTA ARP application to confirm that each library location listed in this form (and on which your formula based award amount will be calculated) is active, has a collection, and is staffed.
