

# Mobile and online tools help make the most of your dental plan

Your dental plan includes digital tools and resources to help you learn about the health of your mouth and make dental care decisions that are right for you. These tools are available at no extra cost through our Engage mobile app and [anthem.com](https://www.anthem.com).

## Dental Health Assessment tool

Dental health conditions such as gum disease are common and can lead to more serious issues, including losing a tooth. Good dental habits can help reduce the risk of developing gum disease, tooth decay, and mouth cancer.

The **Dental Health Assessment** tool can help you **understand your own dental health and risk for disease**. To take the assessment, answer a few questions about dental health habits, such as brushing, flossing, and how often you see the dentist. You will receive a personalized report with dental health scores that show how you're doing and areas where you may need to improve. You can bring the report to your next dental appointment and talk with your dentist about the results.

## Ask a Hygienist

If you have questions about your dental health, you can **ask them directly** to a licensed hygienist. To do so, log in to the Engage app or [anthem.com](https://www.anthem.com) and select **Ask a Hygienist**. You will receive an email response from a dental professional with expertise in preventing and treating diseases of the mouth, usually within 24 hours. They can help answer questions and offer dental health tips.

## Help estimating dental costs in advance

With Anthem's **Find Care** tool, you can search for common dental treatments such as crowns and **compare estimated costs** at providers in your plan's network. This can help you make more informed choices before receiving care and potentially save money.

## Discover solutions to help take charge of your dental health

To start using these digital tools, log in to the Engage mobile app or visit [anthem.com](https://www.anthem.com).
