Douglas County

Debt Management Policy Fiscal Year 2020

Prepared July 2019

EXECUTIVE SUMMARY

This Debt Management Policy was created to fulfill the requirements of NRS 350.013. Douglas County (the "County") is generally limited in the bonds it can issue by its statutory debt limit, the \$3.64 limit on overlapping tax rates, and the amount of revenue available to pay debt service on bonds. This Debt Management Policy discusses the outstanding and proposed debt of the County, its ability to afford such debt, and other items relating to the issuance of bonds by the County.

Outstanding General Obligation Debt

As of June 30, 2019, the County has \$23,514,628 of general obligation debt outstanding comprised of \$4,060,000 of general obligation medium-term bonds and \$19,454,628 of general obligation revenue bonds.

Outstanding Other Debt

The County also has \$11,706,000 of revenue bonds outstanding which are secured by specific pledged revenues and are not general obligation debt and \$396,654 of other debts that are not general obligation debt and are paid from the general revenues of the County.

Proposed General Obligation Debt

The County reserves the right to issue additional debt any time legal requirements are met.

Most of the County's debt is paid from sources other than property taxes with approximately 76% of the County's general obligation debt paid from water and sewer system revenues. The County presently has approximately \$289,315,000 of statutory debt limit available.

This policy contains information regarding the general obligation debt and capital improvement plans of the County and its component units, the Town of Gardnerville, Town of Minden, Town of Genoa, and the Douglas County Redevelopment Agency.

The following sections demonstrate the ability of the County to make principal and interest payments on its outstanding bonds.

General Obligation Bonds

The County currently has no outstanding general obligation debt paid by the levy of a specific property tax.

General Obligation Medium-Term Bonds

The County currently has \$4,060,000 of outstanding medium-term debt secured by all legally available resources. The County pays principal and interest on the bonds from specific revenue sources. Debt service payments on these bonds are made from revenues received from the levy of a \$.05 tax override (the "Capital Projects Tax") and resources in the Room Tax Fund, if necessary. The following table details the remaining payments on the bonds.

General Obligation Medium-Term Bonds Outstanding Debt Service

June 30, 2019

Fiscal	Outstanding	Total Debt	
Year	Principal	Interest	Service
2020	\$985,000	\$83,230	\$1,068,230
2021	1,005,000	63,038	1,068,038

Coverage	2.77	2.24	2.58

General Obligation Debt Limit

NRS 350.013 1.(c)(2) A discussion of its capacity to incur authorized and proposed future general obligation debt without exceeding the applicable debt limit;

The County is limited by state statutes as to the amount of general obligation debt it can have outstanding. The limit is equal to 10 percent of the County's total assessed valuation including the Redevelopment Agency. As of June 30, 2019, the County has \$19,454,628 of general obligation revenue supported debt and \$4,060,000 of medium-term general obligation debt outstanding. Based on the projected fiscal year 2019 assessed value, the County's available general obligation debt limit is \$289,315,445.

General Obligation Debt Limit
Based on Projected Fiscal Year 2019 Assessed Value

Douglas County Assessed Value	\$3,076,916,940
Douglas County Redevelopment Agency Assessed Value	51,383,789
Total Assessed Value	3,128,300,729
General Obligation Debt Limit (10%)	312,830,073
Outstanding General Obligation Debt	23,514,628
Proposed General Obligation Debt	<u>0</u>
Available General Obligation Debt Limit	\$289,315,445

Other factors also limit the amount of debt the County can issue. These factors include, but are not limited to; overlapping tax rates, available revenues, market conditions, type of projects to be funded.

General Obligation Debt Comparisons

NRS 350.013 1.(c)(3) A discussion of its general obligation debt that is payable from property taxes per capita as compared with such debt of other municipalities in this state;

NRS 350.013 1.(c)(4) A discussion of its general obligation debt that is payable from property taxes as a percentage of assessed valuation of all taxable property within the boundaries of the municipality;

The following table shows a comparison of the County's outstanding debt with other comparable local governments.

General Obligation Debt Comparison June 30, 2019

District	General Obligation Debt	Population ¹	FY 2019 Assessed Value ²	GO Debt Per Capita	GO Debt as a % of Assessed Value
Carson City	\$176,359,719	55,885	\$1,502,046,933	\$3,155.76	11.74%
Douglas County	23,514,628	48,447	2,908,641,064	485.37	0.81%
Lyon County	10,687,636	54,893	1,682,761,005	194.70	0.64%
Nye County	21,362,845	46,472	1,910,358,824	459.69	1.12%
			Average:	\$1,073.88	3.58%

Method of Sale

NRS 350.013 1.(c)(5) Policy regarding the manner in which the municipality expects to sell its debt;

Bonds can generally be sold at a competitive sale, negotiated sale or be privately placed.

<u>Competitive Sale</u> - Offering documents are sent to any firm interested in purchasing the bonds. A day and time are chosen for the sale and bonds are awarded to the firm offering the lowest true interest cost on the bonds (the "TIC"). The TIC is the discount rate which results in a present value of the future debt service payments equal to the amount bid for the bonds.

<u>Negotiated Sale</u> - One firm, or group of firms, is chosen in advance to offer the bonds for sale. At the time of sale, interest rates and other terms of the bonds are negotiated with the Underwriter.

<u>Private Placement</u> - A purchaser, usually an individual or bank, is identified and the bonds are placed directly. Interest rates and other terms of the bonds are negotiated with the purchaser.

NRS 350 generally requires bonds issued by the County to be sold at competitive sale. For most County general obligation bonds a competitive sale will usually result in the lowest TIC on the bonds. There are certain circumstances under which the County would consider a negotiated sale or private placements. Such circumstances include, but are not limited to:

- 1) Bonds issued with a variable rate of interest
- 2) Bonds rated below A- or not rated
- 3) Very small or very large bond issues
- 4) Unstable or highly volatile markets
- 5) Bonds with unusual security or structure

The County will follow the requirements of NRS 350.155 in choosing a method of sale for its bonds. If the County determines that a negotiated sale is warranted for a general obligation bond or a bond secured by an excise tax, it will distribute a request for proposal to underwriting firms. The selection of an underwriter(s) will be based on a determination of the firm that demonstrates its ability to obtain the overall best interest rate for the County. Consideration in making this determination will be given to the firm's experience with similar financings, proposed compensation structure, and marketing plan.

Operational Costs of Future Capital Projects

NRS 350.013 1.(c)(7) A discussion of its operational costs and revenue sources, for the ensuing 5 fiscal years, associated with each project included in its plan for capital improvement submitted pursuant to paragraph (d), if those costs and revenues are expected to affect the property tax rate.

The County has prepared a Capital Improvement Plan which will be filed with the State Department of Taxation under separate cover. The County anticipates that any financial impact on the general fund will be provided for within the maximum rate calculated by the Department of Taxation and that no tax overrides for operational costs will be required.

Capital Improvement Plan

NRS 350.013 1.(d) Either:

(1) Its plan for capital improvement for the ensuing 5 fiscal years, which must include any contemplated issuance of general obligation debt during this period and the sources of money projected to be available to pay the debt; or

(2) A statement indicating that no changes are contemplated in its plan for capital improvement for the ensuing 5 fiscal years.

The County's five-year Capital Improvement Plan is filed with the State Department of Taxation under separate cover.

Chief Financial Officer of Douglas County

NRS 350.013 1.(e) A statement containing the name, title, mailing address and telephone number of the chief financial officer of the municipality.

The chief financial officer of Douglas County is:

Terri Willoughby Chief Financial Officer P.O. Box 218 Minden, Nevada 89423 775-782-9821 775-782-6255 fax

Component Units of Douglas County

NRS 350.013 2. The governing body of a municipality may combine a statement or plan required by subsection 1 with the corresponding statement or plan of another municipality if both municipalities have the same governing body or the governing bodies of both municipalities agree to such a combination.

The Douglas County Board of Commissioners also sits as the governing body for the Town of Gardnerville, Town of Minden, Town of Genoa, and the Douglas County Redevelopment Agency. Each of the towns also has an elected board of five members. These boards manage the operations of their respective towns in an advisory capacity to the Board of County Commissioners.

This section discusses the outstanding general obligation debt information for each of these entities.
